**Title: Operating Room (OR) and Central Materiel Services (CMS) Equipment Instructor/Trainer
Full-Time – Contingent on Contract Award**

Location: Ft. Gordon, GA

Company: The SALUS Group, Inc.

Job Description:

The Salus Group is seeking an Operating Room (OR) and Central Materiel Services (CMS) Equipment Instructor/Trainer for the United States Army Reserve (USAR) Regional Training Site – Medical (RTS-MED) contract at Ft. Gordon, GA.

The RTS-MED program is responsible for training US Army reserve component medical units, other Army components, joint medical units, and civil authorities in disaster assistance and response to weapons of mass destruction. A variety of training support is offered from refresher/sustainment training classes, to clinical hands-on training, and includes support to tactical field exercise training across several echelons and functions. The RTS-MED program offers realistic training on several versions of medical simulators in state-of-the-art facilities and complete tactical deployable medical systems (DEPMEDS).

The SALUS Group, Inc. specializes in medical simulation facility design, instructor training, and systems engineering for the entire lifecycle of simulation program design, development, implementation, and assessment. We are a Service Disabled Veteran-Owned Small Business and Woman-Owned Small Business headquartered in San Antonio, Texas. SALUS understands that our employees are our most valuable assets, and the delivery of exceptional customer-focused service is the main reason for our success. We bring over 34 years of experience in medical education and providing comprehensive solutions for competency-based simulation training that span all levels of care, healthcare provider and team. Our history of success designing, building, and operating over 100 simulation centers worldwide, is rooted in our ability to assess the needs of the learner, identify goals of instruction, and leverage the right mix of instructional media to yield outcomes that are directly observable and scientifically measured. Our implementation strategy employs the full range of learning technologies including high-fidelity simulators, task trainers, serious medical games, immersive environments, eLearning and standardized patient platforms to create hybrid and blended instructional experiences that make learning more engaging, efficient, and effective.

For more information, please visit our website at: **www.thesalusgrp.com**. The SALUS Group, Inc. is an equal opportunity and affirmative action employer that values diversity at all levels. All

qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or status as a protected veteran.

ROLES AND RESPONSIBILITIES

The Candidate:

The Operating Room (OR) and Central Materiel Services (CMS) Equipment Instructor/Trainer will serve as the subject matter expert and primary instructor for the OR and CMS section operations. Duties include serving as the:

- primary instructor for all end user level biomedical equipment training assigned to the OR and CMS section operations;
- primary instructor for essential OR and CMS skills;
- primary instructor for OHIT and other computer-based programs as they pertain to the OR and CMS section;
- primary instructor on 2D/ 3D computer design software (ex: AutoDise) as it pertains to DEPMEDS and OR/ CMS section set-up planning;
- primary instructor for core DEPMEDS courses;
- site faculty and primary instructor for BLS, ALS and PALS courses;
- and sub hand receipt holder and is end user responsible for equipment assigned to the OR and CMS sections.

This individual works with the clinical training manager to develop training scenarios for customer units on OR and CMS section operations and identifies material requirements for the OR and CMS sections.
